

DIRECT COOL
REFRIGERATOR

ICEMAGIC PRO

INTRODUCING ICEMAGIC PRO SERIES WITH ALL-NEW CRESCENT DOOR DESIGN AND BREATHE ARC HANDLE

NO. 1 IN ICE-MAKING**

The Insulated Capillary Technology and powerful compressor helps make ice faster than any other product in its class.

CRESCENT DOOR DESIGN

First-in-class crescent door design with breathe arc handle and fluidic end cap.

INSULATED CAPILLARY TECHNOLOGY

The capillary which carries the refrigerant from the compressor to the freezer is surrounded by super cold gas that ensures better compressor efficiency, faster cooling and 12 hours* of cooling retention in the refrigerator.

12 HOURS OF COOLING RETENTION*

With the Insulated Capillary Technology, the cooling stays locked inside, retaining the cooling for up to 12 hours* even during power cuts.

HONEYCOMB MOISTURE LOCK CRISPER COVER

Maintains optimum moisture in vegetables and keeps them fresh for longer.

*Results based on internal lab testing done on select models under standard test conditions and may vary depending on testing conditions and models.
**Tested Vs. major products available in this segment.

ICEMAGIC PRO PREMIER (200L) 4 STAR (INVERTER)

- No.1* in Ice-making
- 12 hours of Cooling Retention Even During Powercut* with Insulated Capillary Technology
- Insulated Capillary Technology
- Laminar Airflow
- Honeycomb Moisture Lock Crisper Cover
- Crescent Door Design
- Breathe Arc Handle

Available in: Cool Illusia, Mulia, Hibiscus,
Neo Dutch, Steel Onyx & Flume
Dimensions (WxDxH) (mm): 534 x 654 x 1254

ICEMAGIC PRO ROYAL (200L) 4 STAR (INVERTER)

- No.1* in Ice-making
- 12 hours of Cooling Retention Even During Powercut* with Insulated Capillary Technology
- Insulated Capillary Technology
- Laminar Airflow
- Honeycomb Moisture Lock Crisper Cover
- Crescent Door Design
- Breathe Arc Handle

Available in: Cool Illusia, Mulia, Hibiscus,
Neo Dutch, Steel Onyx & Flume
Dimensions (WxDxH) (mm): 541 x 654 x 1370

ICEMAGIC PRO PREMIER (200L) 3 STAR

- No.1* in Ice-making
- 12 hours of Cooling Retention Even During Powercut* with Insulated Capillary Technology
- Insulated Capillary Technology
- Laminar Airflow
- Honeycomb Moisture Lock Crisper Cover
- Crescent Door Design
- Breathe Arc Handle

Available in: Cool Illusia, Mulia, Hibiscus,
Neo Dutch, Steel Onyx & Flume
Dimensions (WxDxH) (mm): 534 x 654 x 1254

ICEMAGIC PRO ROYAL (200L) 3 STAR

- No.1* in Ice-making
- 12 hours of Cooling Retention Even During Powercut* with Insulated Capillary Technology
- Insulated Capillary Technology
- Laminar Airflow
- Honeycomb Moisture Lock Crisper Cover
- Crescent Door Design
- Breathe Arc Handle

Available in: Cool Illusia, Mulia, Hibiscus,
Neo Dutch, Steel Onyx & Flume
Dimensions (WxDxH) (mm): 541 x 654 x 1370

TECHNOLOGY

Auto-connect to
HomeInverter[#]

10 YEAR
WARRANTY
1 year comprehensive + 9 year on compressor

**STABILISER-FREE
OPERATIONS**[†]

*Results are based on internal lab testing done on select models under standard test conditions and may vary depending on testing conditions and models. †Plasma treatment on connecting rod only. #Auto Connect to ≥ 2.5KVA inverter, each connected to the power switch. †Protects the vital components of Refrigerator from power fluctuations. Installing stabiliser becomes needless with this function and Stabiliser is required only if power fluctuation is beyond the range of 80V - 300V for Inverter model and 130V-300V for Non-Inverter model. *Above details are of select model of given technology.
