ATOM SERIES

## PRESENTING SUPERB ATOM WASHING CLOTHES MADE EASY WITH TURBO SCRUB TECHNOLOGY

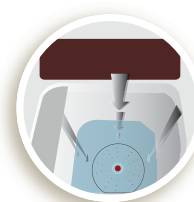

### TURBO SCRUB TECHNOLOGY

Equipped with a 340-Watt motor and an In-built Scrub Station, these washing machines are designed to give the most powerful wash, every single time.

### WATERPROOF & SHOCKPROOF PANEL

The control panel has been smartly designed to prevent water from seeping inside. The machine can be placed anywhere without worrying about water damage.

### LARGE 66L TUB

Large 66L wash tub gives more space to the clothes for cleaning.

### 340-WATT POWERFUL MOTOR

The efficient 340W motor helps rotate the clothes in all directions to give it a thorough wash.

### AUTO RESTART\*

In case of power cut-off, the wash cycle resumes from where it was stopped.
